# FLORIDA CATTLEMEN'S FOUNDATION

Research. Education. Leadership. Heritage.

**Preserve** the heritage of Florida cattle producers and all property owners. **Promote** environmental stewardship and a sustainable cattle industry through scholarship, research, educational programs and leadership development.

The Florida Cattlemen's Foundation, founded in 1999, is dedicated to the preservation of history, heritage, and ideals of Florida cattle producers. The Foundation promotes a sustainable cattle industry by building viable programs in scholarship, continuing education, research, and leadership development for both the current industry leaders and its leaders and for the future leaders and entrepreneurs to come.

The Foundation is committed to creating and maintaining a strong environmental stewardship initiative to better the animals, land, water and air so that the cattle industry may flourish within an environment that is right and prosperous for all citizens of Florida.

The Florida Cattlemen's Foundation is a 501(c)(3) corporation and raises funds in many capacities, including:

- Individual, Corporate, and Allied Industry Donors
- Foundation Herd Pledges
- Fun N' Gun
- Raffles and Silent Auctions
- Other events as deemed feasible

These are the **principles** that motivated members of the Florida cattle industry to create a Foundation that would perpetuate this heritage and find ways to contribute to the future success and longevity of their hard-earned industry.

## HERITAGE

The Foundation supports a variety of exhibitions, literature and artists that exemplify Florida's rich cattle history and the industry's way of life. Heritage projects the Foundation has supported include:

- Florida State Fair Exhibit
- Two Books
- Annual Florida Ranches Calendar
- Industry Podcasts
- Cowboy Artists

## RESEARCH

Research on livestock and forage production as well as on the enhancement of natural resources linked to grazing landscapes is vital to keep Florida's cattle industry prosperous. The Foundation has supported several UF/IFAS programs including:

- University research and teaching units
- Industry-focused research projects

## Education & Leadership

Developing the next generation is important to ensure Florida's cattle industry remains strong for future generations to come. Examples of Foundation-supported programs include:

- Beef Cattle Production Professorship
- Florida Cattlemen's Leadership Academy
- Scholarships for agricultural majors
- Adopt-a-Cowboy Experience
- Youth and Collegiate Judging Teams
- Junior Florida Cattlemen Association Events
- FFA and 4-H activities
